

Love Life, Live Healthy

ABC's of Public Health

F= Food Safety

Food protection services of the Morrow County Health District (MCHD) include licensing, inspection, and foodborne illness investigations of restaurants, grocery stores, vending machines and carnival food stands, to make sure they are in compliance with the Ohio food safety code.

What are we looking for?

Employee Health

Time/ Temperature Controlled Safety

Good Hygiene Practices

Protection from contamination

Consumer Advisory

Why is it important?

Food inspection and licensing helps to protect the consumer from contracting a foodborne illness such as:

- Salmonella
- Listeria
- Cryptosporidium
- Shigella
- Hepatitis A
- Giardia
- E. Coli
- Campylobacter
- Viral Gastroenteritis
